Solarium Standard Fixing Set, specially designed for our Q-Line solariums, ensures a hassle-free installation experience and is durable. Discover why our Q-Line Solarium Standard Hanging Set is your best choice:

Optimized for Q-Line Solariums: Our hanging set is precisely tailored to the specifications of Q-Line solariums, ensuring a perfect fit and optimal performance. When you choose Q-Line, you opt for seamless integration and maximum efficiency.

Includes Essential Components: The Q-Line Solarium Standard Hanging Set comes standard with four sturdy chains of one meter each, complete with snap hooks for secure attachment. Additionally, ceiling hooks and plugs are included, eliminating the need to search for additional parts. Everything you need for a smooth installation is included.

Robust and Safe: We understand the importance of safety when installing solariums. Therefore, our chains and fastening materials are crafted with durable and robust materials. This ensures you can rely on a sturdy suspension that withstands the test of time.

Easy Installation with Q-Line Quality: Our Q-Line Solarium Standard Hanging Set is synonymous with easy installation. Thanks to clear instructions and the user-friendliness of our products, hanging your Q-Line solarium is a effortless experience.

Choose Q-Line and experience the perfect combination of innovation, quality, and user-friendliness with our Solarium Standard Hanging Set. For further questions or additional information, our experts are always ready to assist. Explore the world of comfort and care for your horses with Q-Line today.
