## Maxuss Twin 400

### Double solarium

Maxuss Twin 400 / Article no. 20-5-25-00400

The solarium, with a beautifully finished body, follows the lines of the horse and consists of 6 main parts for extra warmth. Each muscle group is properly lit by the IR lamps. Due to the heat-resistant plastic, the lamps in plastic holders and by reusing residual heat, a very high efficiency can be achieved. The solarium is finished with rounded edges, which eliminates the risk of injury to your horse. The lamps are placed higher than the bottom surfaces. This minimizes the chance of contact with the warm IR lamps.

- ✓ Stylish Shaped
- ✓ Lightweight Design
- ✓ High Heat Output
- ✓ Heat Resistant plastic
- ✓ Spray water proof

## Features

### Safety:

The Q-line® solaria have been finished with round sides and corners which excludes the chance your horse will get injured. The lamps are placed higher than the holders so that the horse can never come in to direct contact with the lamps.

### Durability:

The Q-line® solaria use up to 40% less energy than competitive products and are remarkably environmentally friendly. The heat resistant plastic is insensitive to corrosion and ensure minimal heat loss and a high efficiency. The infrared lights in the Q-line® solaria are designed to be especially heat resistant and can endure great temperatures for extensive periods of time. These lamps can burn up to 5000 hours.

### External characteristics:

The Q-line® solaria have a stylish appearance and smooth finishing. All solaria can be used directly and require no further assembly. The fans automatically switch on at an internal temperature of 30 degrees C so that no cold air is blown over your horse.

### Maintenance:

The Q-line® solaria require little to no maintenance. With our technologically advanced design and the choice of materials we have ensured that corrosion is kept to a minimum.

### Quality mark:

All Q-line® solaria conform to the machine code 2006/42/EG and are fit with the CE norm. The Q-line® solaria are certified according to the NEN 3140 and Labor and health directive en hereby conform to all European safety demands

## Specifications

<b>Length</b>	240 cm
<b>Width</b>	249 cm
<b>Drive system</b>	97 cm
<b>Drive system</b>	140 Kg
<b>Basic material</b>	Reinforced heat resisting plastic
<b>Colour</b>	Black / Silver Grey
<b>Number of IR lamps</b>	12x IR 100W, 24x IR 150W, 12x IR 250W
<b>Power supply</b>	3xL+N+PE 400 Volt
<b>Power usage</b>	8160 Watt
<b>Fuse with</b>	C 16 A
<b>Air blower</b>	12 x 90m3, automatic at 30grC
<b>Suspension</b>	4x chians (1 meter) and swing hooks
<b>Suplied as standard</b>	Switch, Power cable 10 mtr including plugs
<b>Quality mark</b>	CE / NEN 3140 / OSH
<b>IP rating</b>	54
<b>Transport weight</b>	2x 80 kg
<b>Transport size</b>	2x 150 x 85x 170 cm
