Sedologic FreeMotion Pad: Maximum Freedom of Movement and Comfort

The **FreeMotion Pad** is the latest innovation in saddle pads, specifically designed for horses that need **more shoulder freedom and comfort**. Thanks to its **ergonomic shape and pressure-relieving properties**, this pad supports optimal movement without compromising stability.

Key Benefits:

- ? **Enhanced shoulder freedom** for natural, unrestricted movement.
- ? **Ergonomic design** ensures even pressure distribution and shock absorption.
- ? **Breathable and lightweight**, keeping your horse cool and comfortable.
- ? **Optimal stability** without restricting movement.

Why Choose a FreeMotion Pad?

? **Comfort & Protection:**

The **FreeMotion Pad** provides **exceptional comfort and cushioning** between the saddle and your horse's back. It reduces pressure points and absorbs shock, ensuring a smoother ride and lowering the risk of injuries.

? **Perfect Fit:**

This pad helps to correct minor saddle fit imperfections and ensures **even pressure distribution**. It is ideal for horses with a sensitive back or unique back shape.

? **Breathable & Moisture-Regulating:**

With its **innovative, air-permeable structure**, the **FreeMotion Pad** efficiently wicks away heat and moisture. This prevents overheating, chafing, and skin irritation—essential for a healthy and comfortable horse.

? **Durable & Hygienic:**

The **FreeMotion Pad** not only protects your horse's back but also your saddle. By reducing direct contact with sweat and dirt, it helps extend the lifespan of your tack. Additionally, the pad is easy to clean and maintain, ensuring freshness and hygiene at all times.

? **Innovation & Expertise:**

Developed with the latest insights into equine health and riding comfort, the **FreeMotion Pad** combines **high-quality materials and cutting-edge technology** to offer the perfect balance of **stability, freedom of movement, and comfort**. Suitable for **both high-performance athletes and leisure riders** across all equestrian disciplines.

? **Give your horse the freedom it deserves with the FreeMotion Pad – the ultimate choice for comfort, protection, and top performance!**

Features

Discover the ultimate comfort and unrivaled performance of our revolutionary saddle pad. With a range of unique features, this pad provides a riding experience that you and your horse have never experienced before:

- **Excellent shock absorption:** Thanks to advanced technologies, our saddle pad offers unparalleled shock absorption. It absorbs every impact during riding, significantly reducing pressure on your horse's back. Enjoy a smoother ride and protect your horse's health.
- **Breathable structure:** Our saddle pad features a breathable structure that allows for optimal air circulation. This promotes ventilation and prevents heat and moisture buildup under the saddle. Your horse stays cooler and more comfortable, even during intense training sessions.
- **Perfect pressure distribution:** With an advanced design, our saddle pad ensures perfect pressure distribution over your horse's back. It minimizes pressure points and prevents discomfort while riding. This allows your horse to move freely and perform at its best.
- **Efficient heat dissipation:** Our saddle pad is designed to efficiently dissipate heat. The advanced material regulates temperature and prevents excessive heat buildup under the saddle. This keeps your horse cool and protected from overheating, even during long rides.
- **No pressure points:** Thanks to carefully engineered construction, our saddle pad eliminates pressure points completely. It evenly distributes the pressure across the entire surface, giving your horse full freedom of movement and unhindered performance. Prevent irritations and discomfort for a happy and healthy horse.

Experience the ultimate combination of comfort, protection, and performance with our innovative saddle pad. No more compromises when it comes to riding comfort and well-being. Choose a saddle pad that meets your highest demands and give your horse the ride it deserves.

““I have been using the Sedelogic pads for a number of years and am incredibly happy with them. From day one they have held their shape and are as good today as they were the first day I used them. They are thin enough to not affect the fit of my saddles, but have enough cushion to keep my horses backs happy.””

— Robert Mendoza- Grand Prix Show Jumper
