SAFETY WALL

WALKER

Safety Wall door and gate

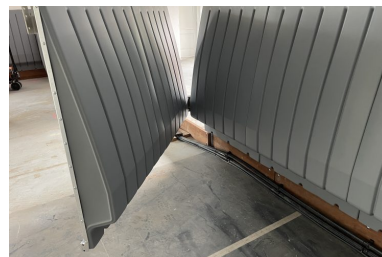

1 panel wide

Gate frame cover / Article no. 30-1-00-30156

Cover plate on the gate, so that the complete gate is covered. The cover panel is as wide as 1 panel and has slotted holes, so it can be fitted to the gate. The cover plate is made of the same type of plastic as the Safety Wall and is also impact and shock resistant.

- ✓ Light to open
- ✓ Seamless finish
- ✓ Easy assembly

TREADMILL

SAFETY WALL

WALKER

Features

Safety:

By opening the gate horizontally, entrapment by a falling gate is excluded.

Durability:

Due to the robustness of the hinges and the frames, the gates are indestructible.

Appearance:

Invisible hinge concealed in the wall.

Maintenance:

The gate hinge does not require lubrication and is maintenance-free.

Easy to assemble:

Because the gate opens horizontally, mounting is very simple and the hinge can easily be mounted against a flat wall.
