**SOLARIUM****IRRIGATION****TREADMILL****SAFETY WALL****WALKER**

Fixing set with screws and plugs to mount the Safety Wall panels on a wall made of brick or concrete.

Image not found **Easy assembly**

Image not found **Safe**

Image not found **Waterproof**

## Features

### Safety:

The screws are fitted with a ring with a shock-absorbing material so there is no friction between the Safety Wall and the screw.

### Durability:

The screws are made of galvanized steel.

### Appearance:

All screws have a hex head.

### Easy to assemble:

The screws can be used without pre-drilling the Safety Wall.
