

Windbreak mesh for fence

Suitable for outside fence (12 meters)

Windbreak mesh 12 meters / Article no. 17-1-60-00120

Windbreak mesh around the outside of the fence. The windbreak mesh is tensioned by a tension roller at both ends. The windbreak mesh is hemmed over the full length and is secured all around with a clip to prevent sagging.

The windbreak mesh can be supplied in various colors, including Black, Beige, Green, Gray.

Requirements for the exerciser of the safe riding foundation:

The outside fence of the exerciser must be protected by a closed fence, so that there is no danger for horses and/or persons.

- ✓ Safe
- ✓ Easy to clean
- ✓ Smooth finish

Features

Safety:

The Q-line® fencing is designed to keep your horses running as safely as possible while training in the exerciser. By applying the windbreak mesh you prevent direct contact between man and horse.

Durability:

By using a high-quality woven canvas with PVC, we can guarantee a very long life.

Appearance:

The windbreak mesh has a wind reduction of 80% and has a smooth finish.

Maintenance:

The windbreak mesh can be easily cleaned with a high-pressure sprayer.

Hallmarks:

By applying the windbreak mesh, your exerciser meets the requirements of the safe riding foundation regarding shielding.
