## Safety Wall door and gate

### Frame, Hinge, Shutter

Gate 2 panels / Article no. 30-4-30-01875

The Q-line Safety Wall can be fitted with gates that are essentially invisible to the eye when closed. These innovative gates create a perfectly smooth and seamless finish for your Safety Wall without sharp edges. The gates can contain a maximum of 3 panels and are equipped with a specially developed hinge so that the gate in the sloping wall opens horizontally.

- ✓ Light to open
- ✓ Seamless finish
- ✓ Easy assembly

SOLARIUM

IRRIGATION

TREADMILL

SAFETY WALL

WALKER

## Features

### **Safety:**

By opening the gate horizontally, entrapment by a falling gate is excluded.

### **Durability:**

Due to the robustness of the hinges and the frames, the gates are indestructible.

### **Appearance:**

Invisible hinge concealed in the wall.

### **Maintenance:**

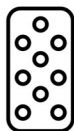

The gate hinge does not require lubrication and is maintenance-free.

### **Easy to assemble:**

Because the gate opens horizontally, mounting is very simple and the hinge can easily be mounted against a flat wall.
