

Safety Wall Finishing Screw

Fixing for wood / Article no. 30-3-95-00030

Fixing set with screws to mount the Safety Wall panels on a wall made of wood.

- ✓ Easy assembly
- ✓ Safe
- ✓ Waterproof

Features

Safety:

The screws are fitted with a ring with a shock-absorbing material so there is no friction between the Safety Wall and the screw.

Durability:

The screws are made of galvanized steel.

Appearance:

All screws have a hex head.

Easy to assemble:

The screws can be used without pre-drilling the Safety Wall.
