Optimize your outdoor lighting solution with our prefab concrete base, specially designed for the "Sublime with base" light pole. Our concrete base is produced according to precise calculations to provide a solid foundation for your lighting installation.

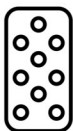

The concrete base is equipped with 4 threaded ends, allowing you to effortlessly attach the light pole. After installation, it is essential to stabilize the base by covering it with a high-quality, shrink-free mortar. This not only guarantees the safety, but also the durability of your lighting setup.

Discover the perfect combination of stability and craftsmanship for your outdoor lighting project. Choose our concrete base and ensure yourself of a solid foundation for your light pole installation.

- ✓ Ready to go
- ✓ Incl calculation
- ✓ Easy to install
